

Newton High School

Respectful, Accountable, Motivated, Successful

Date	Days	Biology Topic Review
3/16/2020	Monday	Macromolecules and Enzymes
3/17/2020	Tuesday	DNA Replication
3/18/2020	Wednesday	Protein Synthesis
3/19/2020	Thursday	Biotechnology
3/20/2020	Friday	Mendel
3/23/2020	Monday	Cell Cycle and Mitosis
3/24/2020	Tuesday	Natural Selection and Evolution
3/25/2020	Wednesday	Photosynthesis and Cellular
3/26/2020	Thursday	Cells: Pro v Eu Plant vs. Animal
3/27/2020	Friday	Cell Membrane

Dear Parents,

Below is a progress monitoring guideline for your students while we are out during this time. Please have your students go to our schools EOC website <https://newtonhsec.weebly.com/biology.html> or Scan the QR code below. Each day has an assigned “**Biology Topic Review**” they can access through the schools EOC website page. For each review sheet, highlight key information. Then answer the questions at the bottom.

For ALL MULTIPLE CHOICE QUESTIONS, YOU MUST PROVIDE A RATIONALE FOR YOUR ANSWER. To submit your work, you can do one of the following options

1. You may print a hard copy and answer on the sheet. This will be turned in upon return. (Must have highlights or underlining for the text)
2. You may SAVE and TYPE into the file directly and EMAIL to your teacher. (Must have highlights or underlining for the text)
3. You may answer the questions on NOTEBOOK Paper. (Instead of highlighting, write down key points)
